

iClick Interactive Asia Group Limited Issues \$30-Million Convertible Notes to LIM Advisors

HONG KONG--(BUSINESS WIRE)--Sep. 12, 2018-- iClick Interactive Asia Group Limited ("iClick" or the "Company") (NASDAQ: ICLK), today announced the sale at par of US\$30 million in aggregate principal amount of mandatory convertible notes due September 12, 2023 (the "Notes") to a fund managed by LIM Advisors Limited ("LIM"), a non-U.S. person, in an offshore transaction exempt from registration with the U.S. SEC under Regulation S of the United States Securities Act of 1933, as amended (the "Securities Act"). CLSA acted as the Company's exclusive financial advisor for the placement.

iClick intends to use the proceeds from the issuance of the Notes for further expansion in international markets and enhancement of its New Retail and Business Intelligence solutions, as well as investment, acquisition and business collaboration opportunities that align strategically with the Company's long-term goals.

"Our successful business strategy has continued to deliver concrete results, while helping us gain support in the financial community," said Sammy Hsieh, CEO and Co-founder of iClick. "We believe this new financing will help us achieve continued positive results by allowing us to enhance our strong product suite and established international network."

"This transaction represents a deep value investment opportunity for our investors, as we see significant business growth potential for iClick. We are excited to be part of the Company's continuing expansion," said George W. Long, Chairman and Chief Investment Officer of LIM.

The Notes will be convertible at the conversion price, at the option of a holder, into the Company's American depository shares ("ADSs"), each representing one-half of an ordinary share of the Company as of the date of this press release. The conversion price will be calculated as an 8% discount to the lower of the VWAP (volume weighted average price) of the ADSs over a certain period, or a fixed price of \$8, subject to adjustments upon the occurrence of certain dilutive events, provided that the conversion price (on a per-share basis) will not be lower than the net book value per share of the Company and the total number of ordinary shares (including those in the form of ADSs) delivered under the Notes will not exceed a certain ratio of the total shares outstanding as of the issue date of the Notes, subject to adjustments upon the occurrence of certain dilutive events. A Notes holder may convert its Notes, in whole or in part, at any time on and after the 41st day after the issue date and up to the close of business on the day preceding the maturity date. At maturity, any outstanding principal amount of the Notes will be mandatorily converted. The Company will not have the right to redeem the Notes prior to maturity. The Company has an option to pay a cash settlement amount instead of delivering ADSs, subject to certain conditions. A Notes holder may require the Company to redeem its Note upon a change of control of the Company.

The Notes, the ADSs deliverable upon conversion of the Notes and the ordinary shares represented thereby, have not been registered under the Securities Act or any state securities laws and are subject to restrictions on transferability and resale. They may not be transferred or resold absent registration or an applicable exemption from registration as permitted under the Securities Act and other applicable securities laws.

This press release shall not constitute an offer to sell or a solicitation of an offer to purchase any securities, nor shall there be a sale of the securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.
